Mr. Emmerson Mnangagwa
President
Zimbabwe

Mr. Mthuli Ncube
Minister of Finance

Dr. John P. Mangudya,
Governor & Chairman
The Reserve Bank of Zimbabwe

Dear President Emmerson Mnangagwa

As Chairman/CEO of the NVC FUND HOLDING GROUP, in collaboration with our business partners and affiliated companies and institutions, we wish to express our interest in investing in the development of Zimbabwe. For your convenience, I have attached our audited financial statements showing the financial position of the fund. Currently, the NVC manages assets of more than Ten Trillion USD.

At a mutually convenient date and time, I would appreciate a conference call with you to discuss and be guided by our approach regarding our interests. They include.

1. Capitalizing the Central Bank of Zimbabwe with NVC FUND TRUST UNITS SHARES with a net asset value of \$48,881 per share to strengthen and support the Zimbabwe Real Time Gross Settlement (RTGS) initiative.
2. Support for non-profit organizations, especially related to the Economic Empowerment of the citizens.

3. Discuss the domestic policies regarding a formalized relationship with the Central Bank of Zimbabwe and the commercial banks so the banks can extend venture capital to both large and small businesses.
4. Help to fund government projects
5. Contribute to defraying the national debt.

As you review our vision and mission, you will note that Christian principles govern our company.

Our goal is to contribute to the preservation, protection, and strengthening of the value systems of nations.

It is also our commitment and desire to assist with facilitating increased ownership of the citizenry. To that end, we believe in Foreign and Zimbabwe public and private sector partnerships.

We are ready to do business with you. After the due diligence process, we suggest that the Central Bank create an Institutional Trust Account for NVC Fund Holding Trust from which capital will flow to the projects and programs that need funds within Commonwealth of Zimbabwe including the recapitalization of the Central Bank of Zimbabwe.

We look forward to a mutually agreed partnership.

The Highest Regards

Frank O. Ekejija

Frank O. Ekejija
Chairman/CEO
